Procrastination ahoy! Six videos you need to watch now

KIA SYROS IS HERE TO SHAKE THINGS UP!

Discover the all-new Kia Syros, a car that promises to redefine the balance between practicality, space, and style. In our exclusive first drive review, we dive deep into how this new offering from Kia stacks up against its rivals.

HYUNDAI CRETA ELECTRIC DRIVEN

The Hyundai Creta, the quintessential mid-size SUV of India, has gone electric. In this video, we take an in-depth look at the Hyundai Creta EV, integrating the practical appeal of its ICE sibling with a smooth, silent electric motor.

ELECTRIC OBSESSION FEAT. PORSCHE TAYCAN

For 2025, Porsche Taycan has become smarter, faster, and even more irresistible with upgraded charging, lighter batteries, and a spray of German engineering. We get behind the wheel of this four-door electric sports car/sedan to see if it truly earns its stripes as the enthusiast's EV.

IS THE PORSCHE MACAN THE ULTIMATE ELECTRIC SUV?

Porsche's most versatile SUV has just gone electric, and we took it to the streets of Dubai to find out if the Macan EV Turbo has what it takes to wear that legendary badge.

WAR FOR THE FUTURE FUEL!

Gone are the days when our fellow commuters were devoid of choices because now, not only can they choose between different genres of commuters but different fuel options as well. So be it CNG, pure ICE or pure electric, we got them all for a maha comparison!

SPECTRE SPECTACLE

The Rolls-Royce Spectre is here, and it's unlike anything we've ever seen from the House of Goodwood. This isn't just a car—it's a statement, a leap into the future of luxury motoring. The Spectre marks Rolls-Royce's debut into the world of electric mobility and we got a taste of it!

**“THE IX1 LWB’S DIMENSIONS
MAKE IT THE LONGEST CAR IN ITS
SEGMENT, RESULTING IN NOTABLY
MORE INTERIOR SPACE.”**

You're never more than 5cm from civilisation if you drive one of these

"You *can* park there mate, though you're about to be blocked in by a Unimog"

“THE JAPANESE
ARE EXTREMELY
GOOD AT
PROBLEM
SOLVING”
